TRUSTED PEO-STRI PARTNER FOR 20 YEARS

Advanced IT is the trusted advisor PEO-STRI turns to when facing complex training challenges. We have worked side-by-side with the Department of War to deliver innovative solutions in IT, Operations & Maintenance, and Joint Task Force interoperability.

IT ENTERPRISE SERVICES

Powering modern training sites and secure missions

- **IMCS IV** – enterprise IT and comms to keep Army networks operational
- **Ft. Buchanan (PR)** – DWDM/VTC backbone replacement + SIPR/NIPR data center upgrades
- **STTC Lab, Orlando** – wireless network design & implementation for simulation work
- **JTC-CS / NORTHCOM, Ft. Eustis** – secure network upgrade for joint training
- **Korea SCIF / C4I Rehab** – multi-level, secure IT + AV for classified operations

Result: modern, secure, and supportable enterprise environments.

TRAINING OPERATIONS & MAINTENANCE

Because training devices only help when they're online

- **Deployable Classrooms & Labs (PEO STRI / MedSim)** – 1st to go through the new RMF path
- **5-year, training center & test range modernization** – keeping TADSS/classroom gear ready
- Simulation, classroom devices, and range tech O&M

Result: higher training availability, less downtime, faster accreditation.

FMS ADVISORY & TRAINING SUPPORT

Taking U.S. capability to our allies

- **Kingdom of Saudi Arabia** – joint task force / TADSS / human capital support
- **NATO / GPOI / MedSim exports** – real-world medical and readiness training packages
- Program management, logistics, in-country training

Result: partner nations get U.S.-grade training, fully fielded and sustained.

WHAT OUR CUSTOMERS SAY ABOUT US:

"Our maintenance team has continued to become the best I have seen in the last 7 years here. I think the right folks are in place to continue this effort."

– PEO-STRI

"Great working with Advanced IT, they always get the job done right and on time"

– Department of Veteran Affairs

"Couldn't find a better IT integrator, they set up our ranges out at Fort Bliss to work seamlessly with our software platform."

– Naval Air Warfare Center
