

## ADVANCED IT: EMPOWERING MEDICAL TRAINING THROUGH CUTTING-EDGE SIMULATION TECHNOLOGY

### TRAINING OPERATIONS & MAINTENANCE SUPPORT — MEDICAL SIMULATION

At Advanced IT, we're delivering medical simulation solutions as part of our **Training Operations & Maintenance Support** portfolio for defense and federal customers. From deploying advanced systems to designing immersive environments, our expertise ensures medical personnel are prepared for real-world challenges.

### OUR MEDSIM CAPABILITIES

#### Medical Training Command and Control (MT-C2)

Advanced IT integrates the MTC2 system to provide hands-on, highstress training scenarios.

#### The system includes

- MT-C2 integration for realistic medical/battlefield scenarios
- Deployable / portable MedSim classrooms (PEO STRI)
- MSTC systems delivery and sustainment

#### Deployable Classrooms and Labs

- Designed, engineered, and sustained portable medical simulation labs for PEO STRI, enabling immersive training anywhere.
- Recognized as the first project to adopt PEO STRI's Risk Management Framework (RMF) certification process.

#### Medical Simulation Training Centers (MSTCs)

- Delivered advanced simulation systems to MSTCs, enabling dynamic and adaptable training environments.

Let Advanced IT be your trusted partner in achieving mission success through medical simulation excellence. Also supporting FMS medical training requirements.

## PAST PERFORMANCE

## REPRESENTATIVE TRAINING & SIMULATION MAINTENANCE PROJECTS

- **NATO Allied Centre for Medical Excellence (ACME):** Enhanced NATO's training capabilities by integrating MT-C2 systems, replicating real-world medical evacuation and combat environments.
- **Global Peace Operations Initiative (GPOI):** Delivered state-of-the-art medical simulators to Tunisia and other countries, ensuring global readiness and compliance.
- **PEO STRI Collaboration:** Partnered with PEO STRI to deploy simulation solutions across training and medical facilities, strengthening defense medical training programs. This effort aligns with Advanced IT's broader IT Enterprise Services that enable secure, networked training environments.

## WHY CHOOSE ADVANCED IT?

## IT ENTERPRISE SERVICES TRAINING OPS & MAINTENANCE FMS ADVISORY & TRAINING SUPPORT

- **Proven Expertise:** Trusted partner for defense agencies with a legacy of delivering innovative MedSim solutions.
- **Global Reach:** Supporting medical simulation initiatives across NATO, PEO STRI, and international programs like GPOI.
- **Comprehensive Support:** From system design to maintenance, we provide end-to-end solutions tailored to your mission's needs.
